### **PHB3 - Wall to glass self closing hinge.**

Designed for a frameless glass gate. This tension adjustable self closing hinge is designed to suit a 50mm diameter round post to glass application and is ideally suited for use on pool gates.

Please note: An anti-toe hold fittings ( Opus part number PL4-5 & PL4-6 ) must be fitted when used on pool gates.

Maximum recommended gate size: Width: 800mm - Height: 1200mm - Weight: 36kg

Standard specification is for 10mm & 12mm glass but can be adapted to suit 8mm & 15mm glass.
