TFH3-2-180

Dual action opening 90° in both directions.
Standard specifications for 8mm and 10mm glass
but can be adapted to suit 6mm or 12mm glass on request.

TFH3-2-180 Glass to glass hinge to mount a door to a fixed glass side panel that runs on a 180 degree plane. The hinge is secured to the panel with two holes in the glass instead of a cut-out. This results in a simpler and cheaper glass preparation. Additional advantages are better holding capabilities, and a cost effective hinge.
